A Parent/Carer's guide to getting started with 'EduLink One'

The two main ways to use EduLink One are through a web browser like Internet Explorer or Google Chrome, or alternatively by downloading the app to use on your mobile device. The Mobile App for EduLink One is available for iOS and Android Devices.

The instructions to follow will help you navigate your way around EduLink One with a web browser view and app view.

Web browser view

Start by going to www.edulinkone.com

App view

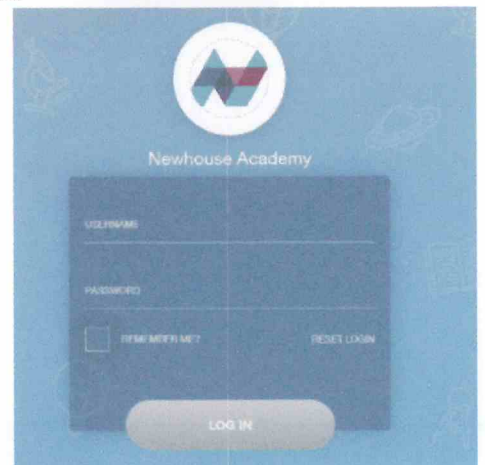

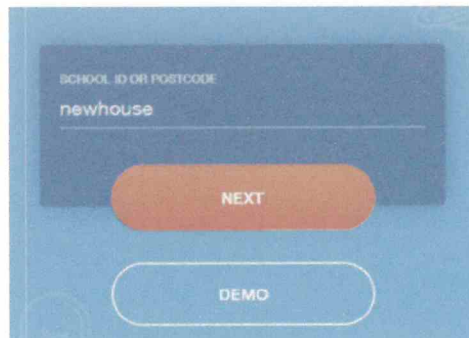

Download the EduLink One app from your app store.

The School ID is **newhouse**

Followed by your Username and Password.

Click **Log In** to get started.

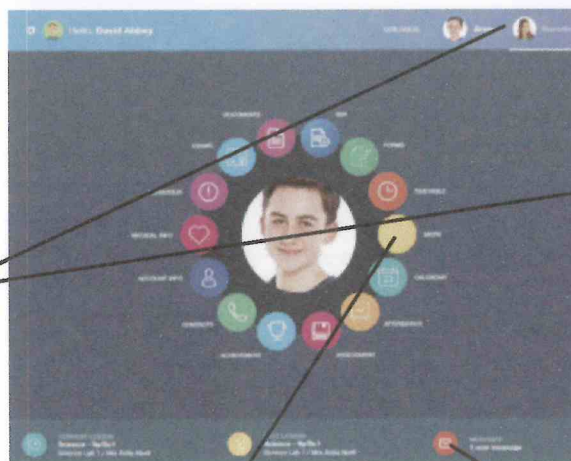

Home Screen

Once logged in you will be taken to the home screen in EduLink One, where you will be able to navigate through the different sections to view various types of information about your child(ren). This is an example of the home screen.

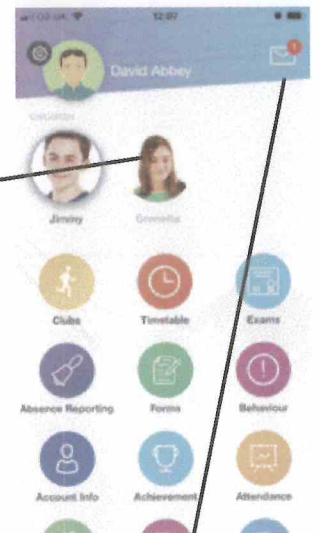

As you can see on the examples, if you have more than one student in school, it's easy to switch between each one by selecting which one you would like to view.

Web browser view

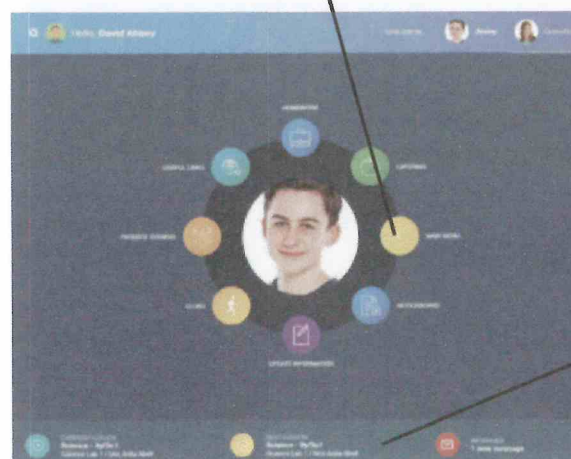

In web browser view click on the 'MORE' button to see the rest of the features. Click 'Main Menu' to go back.

App view

The messages icon lets you know if you have any unread messages from the school.

In web browser view this bar shows you which lesson your child is currently in, along with the next lesson in their timetable.
